

## Welcome to Scott Chiropractic Associates

It was nice to speak with you earlier regarding your appointment with us, included in this e-mail is our initial paperwork which will help us get started with helping you feel better. Please fill out the enclosed paperwork as completely as possible.

On your first visit you will meet with Dr Scott who will take your history and examine you thoroughly utilizing chiropractic, orthopedic, and neurological procedures', if necessary we will also recommend additional testing such as X-rays or MRI. If you have already had X-Rays or MRI, and they are recent studies, please bring them with you on your first appointment.

On your second visit you will personally sit down with Dr Scott and view your diagnostic studies and receive a complete diagnostic explanation of your condition and current health status. During this time Dr Scott will outline recommendations for care and provide options to help during your recovery. If you have any questions or have a family member who is curious about your care, now will be the time to bring a friend and ask questions.

Below are directions to the office (using Google maps may be helpful) additionally there is a check list included to help you remember what to bring on your visit with us.

We look forward to meeting you and in helping you with your current health concerns. We also wanted to compliment you on taking a step in the right direction, a direction towards "Maximum Health and Optimum Performance"

Looking forward to seeing you soon, Dr. Scott and Phylicia
